AMERICAN INDEPENDENCE: 4TH OF JULY

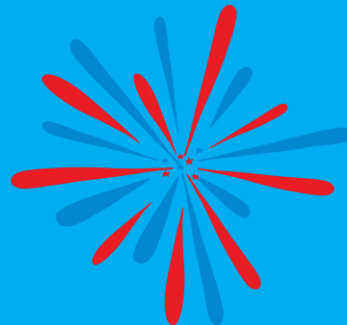

By: Mia Isabella San Inocencio

As we celebrate The Independence of America, a well-known holiday not only in the U.S but also globally we appreciate the history behind it. Beginning from the American Revolution on July 2, 1776, 13 colonies & Constitutional Congress voted and adopted the declaration of independence. Thomas Jefferson made the monumental historical artifact. From 1776 to the present day, we acknowledge the United States' independence by wearing the flag and celebrating with fireworks and festivities.

Newsletter Reflections

Did you know that this is the 9th edition of IVLA's International Times Newsletter? Over the past eight months, the Newsletter has grown from a two-page publication created by just three high school students to a regularly four-page issue made by nearly 15 7th-12th graders. Along the way, our team has spent countless hours creating templates, collecting information, drafting articles, formatting the newsletter, working at meetings, and much more. We have all enjoyed making this Newsletter for you this year and we have made many unforgettable memories in the process. It has been a pleasure to be the leader of the Newsletter Team this year and I cannot wait to see what the Team has in store for the future!
